

"You are right. And the confidence which you make the assertion conclusively that you read the attentively. Let's take a drink, will sign your certificate at once."

THE "much abused and greatly persecuted Babcock," has been again suspected. The Judiciary Committee of Congress, have called Gen. Kilpatrick to give testimony before them, and it is said he will swear that one Butterfield offered him \$20,000 to secure for him an appointment. Kilpatrick "mentioned the matter to Babcock," who got the letter from him, and some afterward, Butterfield was appointed to the coveted position. The innocent, guileless "Bal" Sylph should not be so much persecuted. The press should let up on him. They have been down on him too long, already.

MR. PENDLETON, on reaching Washington City, in speaking of the rumor against him, which reflected upon his honor, remarked to a reporter that he intended to "crush the thing between the eyes." If he should get Morrissey to do the "crushing," he would not like to be the "thing."

THE Boards of Trade of Cincinnati and some of the Northwestern cities are en route to Georgia, and they will be carried over that great Southern State by the Atlanta Board of Trade. That's the way to "bridge the Gulf."

If there had been a Radical majority in Congress, do you suppose the Belknap's rascality would have been unearthed? Of course not!

WE acknowledge the receipt of the Congressional Record, sent us by Edward M. Mackey, M. C.

been secured, and one which would be hardly possible in any other country but this. They have succeeded in working down a complex business into so thoroughly a systematic method that no change in the newspaper system of America can easily be effected, while the widest information upon all topics interesting to advertisers is placed readily at the disposal of the public.

THE PROFITABLE Warrant—There is no medicine prescribed by physicians, or sold by Druggists, that carries such evidence of its success and superior virtue as HENRY'S GERMAN SYRUP for severe Coughs, Colds, settled on the Bronchi, Consumption, or any disease of the Throat and Lungs. A proof of that fact is that any person afflicted, can get a simple Bottle for 10 cents and try it before he has to pay the regular size at 75 cents. It has lately been introduced in this country from Germany, and its wonderful cures are astonishing every one that uses it. Three doses will relieve any case. Try it. Sold by Belton & Stagg.

CONSUMPTION CURED—An old physician retired from active practice, having placed in his hands by an East India Missionary the formula of a simple Vegetable Remedy, for the speedy and permanent Cure of Consumption, Bronchitis, Catarrh, Asthma, and all Throat and Lung Affections, also a Positive and Radical Cure for Nervous Debility and all Nervous Complaints, after having thoroughly tested its wonderful curative powers in thousands of cases, feels it his duty to make it known to his suffering fellow-men. Actuated by this motive, and a conscientious desire to relieve human suffering, he will send (free of charge) to all who desire it, this recipe, with full directions for preparing, and successfully using. Sent by return mail by addressing with stamp, naming this paper.

DR. W. C. KIRKMAN, Syracuse, N. Y.

THE CENTENNIAL—How TO PREPARE FOR IT—Everybody will go to Philadelphia this year, and everybody that does, will want a new suit of clothing. The people of Stanford and surrounding country will have an opportunity on Friday, March 24th, of seeing the largest and finest collection of samples of Woolen Goods for Spring and Summer wear, ever before shown. Mr. M. Norris, of the large house of R. D. Norris, Cincinnati, will be here that day. They are the largest house in the Merchant Tailoring line in the West. They import all their Foreign Goods direct from Europe, and consequently, can show you all the new Goods, and at prices that no other concern can touch. Their guarantee style and fit. They can refer you to the greater part of the best citizens of Boyle and Mercer counties, for whom they have been making goods for several years. All they ask, is an inspection of goods and prices. Will be at principal Hotel, on Friday, March 24th, only one day.

## HOME JOTTINGS.

REV. G. C. OVERSTREET, will preach at Hall's Gap next Sunday, at 3 P. M.

The case of Stone vs. Tate, do, from the Circuit Court, was reversed by the Court of Appeals.

We call attention to the new advertisement of N. B. Tovey. He keeps every thing in his line. His store is the place to get bargains.

The case of Worsham vs. Worsham's Adm'r, appealed from the Lincoln Circuit, was reversed on the original, but affirmed on the cross appeal.

A NUMBER of cases concerning guardianship, administrators, roads and passways, tavern license, etc., were disposed of last Monday, in our County Court.

J. B. OWENS informs the public that he has a thoroughbred Boar, which he has licensed, and will permit him to serve Sows at five dollars each, cash in advance.

SEVERAL of our Middleburg and Mount Sidney subscribers, among whom was Mr. M. Fair, called in to see us last Monday, who reported "all quiet on Green River."

MR. A. K. DENNY, advertises in this issue, that he will sell a tract of Boyce county, Knob land, containing 117 acres, at Danville, on the 20th inst. (County Court day), at 12 o'clock.

MR. THOS. RAINES thought he had a right to clothe with, and marry Miss Fanny Ramsey, of our town, and consequently, he asserted that right, and they were married last Tuesday night.

GET the best New Orleans Sugar at 10 cents per lb; also Philadelphia Refined Coffee A Sugar, at 12 1/2 cts, and other things in proportion, at S. B. Matheny's Grocery, on Depot Street.

CATCHING the "infection" from our far more pretentious cities, Chicago and Louisville, our married people, nearly a dozen in number, have initiated suits for divorce in our coming April Court.

THE Ministers and members of Tates Creek Association, will meet in the Baptist Church, in Stanford, on Tuesday, March 22d, 1876, at 10 o'clock. A. M. Rev. A. P. Booker, D. D. will preach the introductory sermon.

LETTIE WILLIE S., a son of Dr. P. W. Logan, fell a victim to the prevailing scourge among children, Scarlet fever, on last Thursday night. That was the fifth death from the disease in our town and county, out of over twenty cases.

THE windy month of March is upon us, which gives the ground and trees a thorough blowing. However much, our discomfort may be, such winds are essential to the earth, as they mellow the soil and render it all the more tillable. Hats may be blown off, trees blown down, but still there is good in the troublesome breeze.

MR. KAUFFMAN, the efficient postmaster at Hintonville, told us last Monday, that he anticipated another "angler's" raid upon his office last Sunday night, but, thinking discretion the better part of valor, the thief did not come. He did well.

For reasons satisfactory and honorable to all parties concerned, E. R. Chennault did not dispose of his stock of goods to H. C. Bright, as announced in this paper of last week. Mr. Chennault will be found at the old stand, where he will be glad to meet his friends and customers.

RAGGED, dirty, and poverty-stricken were the parents and children who passed through our town last Monday, on their way to another State from North Carolina. The father said he had heard of better things in the West than he had ever enjoyed in his native State.

THE Hocker Bros., Jesse S. and Richard W., have lately formed themselves into a law firm, and now solicit the patronage of the people of Lincoln and adjoining counties. They are well known and worthy young men, and we wish them great success in their chosen profession.

REV. G. O. BARNES, will offer for sale to the highest bidder, on our next County Court day, his really handsome and desirable country home, only a short distance from town. It is peculiarly suited to any professional man or other person who desires to live near a thriving inland village.

We were shown a few days ago, by one of our Stanford housekeepers, eleven agate buttons that were taken from the gizzard of a hen. Some of these buttons were as large as a nickel, and the lot were sufficient to fill the entire gizzard. It is supposed that her henship, laboring under an optical illusion, had mistaken the buttons for grains of corn.

THE Legislature has passed a bill authorizing the Circuit Judge of this District, to appoint a Clerk for the Lincoln Quarterly Court. Hereafter, the Judge of that court, as of all other Quarterly Courts in the State, we learn, have been their own Clerks, and Judge Lytle says he is able to do his own clerking. If so, there is no necessity for a special Clerk.

OUR dealers in ice have abandoned all hopes of obtaining a supply of that luxury from home sources the present year. Those of our citizens who desire to obtain it the coming summer, will have to look to the cities for a supply. No doubt we have some enterprising dealer who will have it shipped here for sale, but in that event, the price will be unusually high.

THE Rev. V. E. Kirtley, for some time past, pastor of the Baptist Church here, has resigned to act as Agent for Domestic and Indian Missions. Mr. Kirtley was much beloved by his congregation, who gave him up with great reluctance. We are glad to know that he will not leave us entirely, but will still have his home near town. His business will, however, require him to be absent a good deal.

THE election for Judge of the Court of Common Pleas in this new district, will come off on the 27th day of May, next, which will be on Saturday. The Democrats in the counties which compose this district, have never, in the aggregate, had a majority of more than 608. Hence, it will behoove whoever may offer for the office on the Democratic ticket, to best himself. It may be to his interest and his party's to do so.

THE SENSY SOUTH—By far the most meritorious literary paper that comes to this office, is the Sensy South, published by J. H. Seals, at Atlanta Georgia. It far exceeds the New York Ledger, in both its original and selected articles, and if more attention were given to its engravings, it would present a much handsomer appearance. It is about the only real literary paper published in the South, and our people should see that it is generously patronized.

LAST Sunday was a bad day. Duri the evening, it became cold, and before night, snow was falling. During the night, the ground and water froze. Many buds and blossoms on fruit trees and shrubs, froze, but on inspection, they were found not to be killed. As this is a strange and not-to-be-accounted-for season, we have a slight hope that some fruit may be left to those living in such parts of the Union as have been deprived of a supply for several years. We are among the unfortunate.

TOLL-GATE KEEPERS who go to bed early and sleep very soundly, should not censure the traveler who comes up to their gate, and, being unable to awaken them within a reasonable time, cuts the rope which fastens the pole across the road, and then passes on without paying toll. It often occurs that the traveler cannot afford to wait the arrival of a sleepy gate keeper, and we are led to believe that the few people, comparatively, who travel at night, should not be delayed by a closed gate, as some of our citizens have been, recently.

WE saw a teamster, whose wagon had stalled on the Mason's Gap road, dragging his wagon back to town on three wheels, with a rail under the back axle. He was not a Christian man, judging from the manner in which he cursed the road surveyor. The fact is, the overseer of that road is not to blame, from the fact, that it would require at least \$1,000 in cash, to put that much-used highway in such condition as to prevent the breaking down of vehicles loaded, or even unloaded, at certain times of the year.

WE would advise our neighbor of the Harrodsburg Observer, to go slow in advertising for Loyd & Co's. (the Map men) unless they get the cash before the work is done. We bit at the bait they threw out, about sending us a map, etc., a year ago, but marked paper after marked paper, and several written requests for the fulfillment of their promise, occasioned no response from them. This three a damper on our confidence in our fellow man, and we have long since, unanimously resolved that Loyd & Co's. are humbugs.

WE were shown an autograph letter of H. Clay, written to a once prominent citizen of Stanford, sending word to him to certain "slaves" were to be offered at public sale under a decree of the Lincoln Circuit Court. He specially mentioned "Lucy and her three children," who were to be sold only to those living in Kentucky, and ordered that they should not be separated. Mr. Clay was the Attorney for the Plaintiff in the case, and authorized to manage the sale as he desired. A kinder master never lived, his acquaintances say, he would never submit to the separation of the slave mother, from her infant children.

THE Court of Appeals affirmed the case of James Robinson vs. Joseph Swope, appealed from the Lincoln Circuit Court. The suit was over the right to establish a pass-way over Swope's lands from one tract of Robinson's to another one. The opinion was delivered by Judge Coffey, and will be of considerable interest to the legal fraternity, and those who may contemplate trying to obtain a similar right of way.

JUDGE OWLEY will hold a special term of the Circuit Court, on the 25th of this month, for the purpose of receiving the bond of the Cumberland and Ohio Railroad Company. That will expedite work on the road, as otherwise, the bond could not have been taken until the regular term of that Court, in August next. The President and Directors of that road, seem to be in earnest now, about its early completion.

JOHN SMITH, one of our colored barbers, thought he would open a gaming house in his shop, as cutting hair, shaving and shampooing, was rather a dull business at the present time. The game he proposed, to the satisfaction of the gamblers, but to the dissatisfaction of the officers of the town and county, and this brought them under arrest. John was tried in Court last Tuesday, and sent on for a full investigation of his offense at our April Court, being allowed to give bail in the sum of \$200—in default of which, he was sent to jail. The darkies are more fond of the gaming table than the whites. They seem to have a great passion for it.

It is rumored that the Crooke Brothers, at Livingston, coal merchants and miners, are doing so much to preserve their lands from timber destruction, that people seem to care but little for their preservation. The time is coming, and that, not in the far future, when our much abused, and now little thought of, timber lands, will command a high price. No trees should be ruthlessly destroyed.

CAPT. H. T. BURN, Auctioneer, reports the following Court day sales: About 100 lbs of cattle on the market, mostly scrub and very thin, sold at 3 to 3 1/2 cts. per lb; work oxen sold from \$30 to \$100 per yoke; milk cows from \$20 to \$50, with good demand. No mules on the market. So. Owens sold two thoroughbred bulls, one to G. Lackey, at \$91; the other to W. Tucker, at \$100; 38 shares of the Knob Lick Turnpike were sold to Mrs. H. Helm, at \$2 per share.

CATTLE and other stock dealers would do well to be on their guard in sending telegrams from one city to another. One of them, a Mr. Cash, of Garrard county, was swindled out of more than \$1,000 recently, at Louisville, by the telegraph operator at the Bourbon cattle yard, who, after receiving pay for two dispatches, pretended to receive a reply. They were false, and caused the dealer to sell his cattle for \$140 dollars less than he could have got for them. The Courier-Journal says the operator was arrested.

MR. SPENCER sold, to Lord Dupplin, the bay colt Petrarch, by Lord Clifden, out of Laura by Orlando, for upwards of \$50,000, with valuable equipments. Petrarch is first favorite for the Two Thousand Guineas and Derby, and a special dispatch to New York Herald, says that his lordship has backed the bay colt Kaleidoscope, by Speculum, out of Reclus, to win a fortune, for the 2,000 Guineas, and the general belief is that he bought Petrarch, who had the race at his mercy, to prevent his running.

WE saw a farm implement last Monday, which was intended as a hand corn planter. The owner claimed that, with it, one in each hand, he could drop with singular regularity, and ever at the same time, two rows of corn as fast as a dropper desired to walk. We saw it tried on a hard surface, and it did the dropping very well, and the motion of the "covering block" indicated that it would also cover the grains in well prepared ground. We advise farmers to buy such things cautiously, however, as they, and all of us, are too frequently humbugged. Nevertheless, any thing which lightens and expedites the hard labor of the tillers of the soil, should receive the support and encouragement of the husbandman.

COUNTY COURT DAY.—A smaller crowd than usual was in town last Monday, owing, no doubt, to the fact, that the week before, our Quarterly Court had been in session for several days, and our countrymen had become tired of coming to town. Nevertheless, there was a fair number of cattle and other stock on the market, which were sold at reasonable prices, according to the report of our auctioneers, which we publish. The little cold snap did not seem to alarm our farmers and traders, who bid right along for such stock as was offered for sale. We never saw the pastures more promising at this season of the year, during our stay in this State, and planters tell us that the Spring is unusually forward, which will, as it generally does, make stock sales and transactions lively. Traders speak hopefully of the future, and say that those who raise, as well as those who buy stock to sell again, will profit thereby. The outlook is promising to such party. Times bid fair to become better as the year advances.

THE Ohio Farmer contains a note from Mr. H. T. Groom, of Winchester, Ky., who is now traveling in England. Mr. G. says: "From what little I can hear, Short-horns are held much higher here, now, than they were last year, and the English breeder is not inclined to part with them, to go abroad, unless he gets a nice advance over the prices they would bring here."

THE owners of the horse, Foster, did not get all of their money in gold, which they fairly won. A dispute arose between the owners of all the horses, and the managers of the race, and Capt. Moore and Mr. Little, got \$2,000 gold, and took the notes of the owners of the other horses which ran for \$9,000. It is probable that Foster will run in a two mile race in California before he leaves there for his Kentucky stables.

THERE can be no doubt that thousands of acres of timber are destroyed in our State every few years. While other States are doing so much to preserve their lands from timber destruction, our people seem to care but little for their preservation. The time is coming, and that, not in the far future, when our much abused, and now little thought of, timber lands, will command a high price. No trees should be ruthlessly destroyed.
